

water treatment

PRODUCT DATA SHEET

EAZY CWT-DE

Product Code: 1101
Packaging: 25L

Product Group: Water Treatment
Issue/Date: 1.40 - 29/11/2007

PRODUCT DESCRIPTION

eazy CWT-DE is an easy to use and effective liquid corrosion inhibitor and treatment for diesel engine cooling water systems, protecting them from corrosion and hard water scale.

Product has no detrimental effects on non-metallic system components such as seals, glands, hoses or gaskets and is compatible with glycol-based antifreeze products.

APPLICATION & USE

Product is an effective corrosion inhibitor for both ferrous and non-ferrous metals in marine circulating cooling water systems.

Prior to the addition of product sacrificial anodes (e.g. magnesium or zinc) in the cooling system should be removed.

Note: Please contact Eazychem before using this product in systems containing aluminium alloys as product may not be suitable.

DIRECTIONS FOR USE

Dosage

Good quality fresh or distilled water should be used to fill the cooling water system. The recommended initial dosage is 10 litres per tonne of system capacity.

The initial treatment should be dosed into a suitable point in the cooling system and circulated for one hour to ensure even distribution. For advice contact Eazychem.

Testing and Control

The correct concentration of product treatment should be maintained using Eazychem cooling water test kits.

Testing should be carried out once per week to ensure that a minimum level of nitrite is maintained. This should be 900 to 1400ppm as nitrite (NO₂) and logged onto the control and dosage chart.

HEALTH & SAFETY

Please refer to the Material Safety Data Sheet and Product Label for specific information.

LIMITATION OF LIABILITY

IMPORTANT: Eazychem's standard terms and conditions of sale apply and contain limitations on any liability that may be incurred by Eazychem arising in any way from the sale and use of any Eazychem products. In particular please note that Eazychem's terms and conditions state the following:

Except in respect of death or personal injury caused by Eazychem's negligence, or liability for defective products under the Consumer Protection Act 1987, Eazychem shall not be liable to the Buyer by reason of any representation (unless fraudulent), or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the Contract, for loss of profit or for any indirect, special or consequential loss or damage, costs, expenses or other claims for compensation whatsoever (whether caused by the negligence of Eazychem, its employees or agents or otherwise) which arise out of or in connection with the supply of the Products (including any delay in supplying or any failure to supply the Products in accordance with the Contract or at all) or their use or resale by the Buyer, and the entire liability of Eazychem under or in connection with the Contract shall not exceed the price of the Products, except as expressly provided in these Terms.
